

## CFA - SEGMENTAL PILES AT WILTON INTERNATIONAL, MIDDLESBOROUGH

Client:  
**Tolent**

### PROJECT DETAILS

#### CFA - SEGMENTAL PILES

Installation of 450mm diameter piles to the Wilton International site, boiler house 10. Piles were 12 to 15m deep inside one of the old boiler houses. Trittech used one of their medium sized rigs the Klemm 709/1.
